

**The 12th International Conference
on Advanced Communication Technology 2010**
February 7 – 10, 2009, Phoenix Park, Republic of Korea, <http://www.icact.org>

Speaker's Biography

Paper code	20100372		
Title of Paper	Broadband PON-wireless Convergence Network based on Network Coding		
Speaker's Name	Dongseok Shin		
Title	Mr.		
Organization	Division of Electrical Engineering, Korea Advanced Institute of Science and Technology(KAIST)		
Position in Organization	Master Candidate		
E-mail	shinds@kaist.ac.kr		
Full Mailing Address	119, Munjiro, Yuseong-gu, Daejeon 305-732, Republic of Korea		
City	Daejeon	State	
Country	Republic of Korea	Postal Code	305-732
Tel. No.	+82-42-350-6248	Fax. No.	+82-42-350-6230
Speaker's Biography (Please detail below special points of background experience)			
<p>Dongseok Shin (shinds@kaist.ac.kr) received an B.S. degree in computer science from Korea Polytechnic University in 2009. Since then he has been studying at the KAIST as a M.Sc under professor Minho Kang in LINE laboratory. His research deals with traffic engineering of optical access networks. This work focuses on passive optical networks to support the next-generation Internet. He has actively been involved in KEIT projects about Large-scale wireless-PON convergence technology utilizing network coding.</p>
