

**The 13th International Conference
on Advanced Communication Technology 2011**
February 13 – 16, 2011, Phoenix Park, Republic of Korea, <http://www.icact.org>

Speaker's Biography

Paper code	20110138		
Title of Paper	Dual Band MIMO Antenna Using a Decoupling Network for WLAN Application		
Speaker's Name	Juman Kim		
Title	Mr.		
Organization	Department of Electrical and Computer Engineering, Hanyang University		
Position in Organization	Master's student		
E-mail	jumankim@hanyang.ac.kr		
Full Mailing Address	Department of Electrical and Computer Engineering, Hanyang University 17 Haengdang-dong, Seongdong-gu, Seoul, 133-791, Republic of Korea		
City	Seoul	State	Seoul, Korea
Country	Republic of Korea	Postal Code	133-791
Tel. No.	+82-2-2220-0376	Fax. No.	+82-2-2293-0377
Speaker's Biography (Please detail below special points of background experience)			
<p>Juman Kim was born in Suwon, Korea, in 1985. He received the B.S. degree in electronic engineering from Kyonggi University, Suwon, Korea, in 2010, and is currently working toward the M.S. degree from the Division of Electronics and Computer Engineering at Hanyang University, Seoul, Korea. His current research interests include RF devices, antennas and wireless communication systems. Currently, his researches are focused on the design of multi-band MIMO antennas for next generation wireless communication system and dual-band dual polarized array antenna for advanced multi-function radar systems.</p>
