

The 14th International Conference on Advanced Communication Technology (ICACT2012)

Speaker's Biography

Paper code	20120069		
Title of Paper	Heuristic Neighbor Selection Algorithm for Decentralized Load Balancing in Clustered Heterogeneous Computational Environment		
Speaker's Name	Jay Lim Wei Yik		
Title	(Mr. / Ms. / Dr. / Prof.)		
Organization	Multimedia University		
Position in Organization	Student		
E-mail	jay.lim@mmu.edu.my		
Full Mailing Address	Faculty of Information Technology, Multimedia University		
City	Cyberjaya	State	Selangor
Country	Malaysia	Postal Code	63100
Tel. No.	+60-12-6133213	Fax. No.	+60-3-8312-5264
Speaker's Biography (Please detail below special points of background experience)			
<p>Jay Lim received his B. IT. (Hons) Software Engineering degree from Multimedia University Malaysia in 2010. He is currently employed as a Graduate Research Assistant (GRA) in the Faculty of Information Technology, Multimedia University Malaysia. At the same time, he is pursuing his Master of Science (IT) degree in the area of distributed systems and load balancing. His current interest is analysis and design of load balancing and scheduling algorithms in a peer-to-peer network. He is also interested in parallel processing algorithms in a shared memory and distributed memory systems.</p>
