

**The 14th International Conference
on Advanced Communication Technology
(ICACT2012)**

Speaker's Biography

Paper code	20120245		
Title of Paper	An Effective Joint Source-Channel Coding with Unequal Error Protection using Asymmetric Turbo Codes		
Speaker's Name	Hanxin WANG		
Title	(Mr. / Ms. / Dr. / Prof.) Prof.		
Organization	Department of Electronics and Information Engineering, South-Central University for Nationalities, Wuhan, China		
Position in Organization	Teacher		
E-mail	wanghx8888@163.com		
Full Mailing Address	Minyuan Road, No.708, Hongshan District, Wuhan, Hubei, China		
City	Wuhan	State	Hubei
Country	China	Postal Code	430074
Tel. No.	+86-13343589736	Fax. No.	+86-027-67842815
Speaker's Biography			
<p>Hanxin Wang was born in Wuhan, China in 1966. He received the B.S. degree in electronics and information engineering from Wuhan University of China in 1989. From 1989 to 1995, he was an engineer at Huazhong Computer System Engineering Company of China. From 2000 to 2002, he finished M.S. degree course in Department of Electronics and Information Engineering of South-Central University for Nationalities of China. During 2002-2003, he studied on wideband wireless communication at Institute of Information and Communication in Chonbuk National University of Korea as an invited visitor. From 1995 to now, he works in the Department of Electronics and Information Engineering of South-Central University for Nationalities of China. His research interests mainly include information and coding theorem, wideband wireless and mobile communication, software defined radio. He has authored or co-authored about more than 30 scientific papers in journals and conference proceedings.</p>
