

Mehdi Zirak was born on October 1985 in Torbat-E Heydariyeh, Iran. He received his software engineering degree from University of Ilam, Iran. He is currently pursuing his M.S. in Computer Engineering at Islamic Azad University of Mashhad, Iran, under the guidance of Prof. Yaghmaee and Dr. Kamel Tabbakh. His main research interests are in wireless sensor networks and reliability guarantee.

Mohammad Hossien Yaghmaee was born on July 1971 in Mashad, Iran. He received his B.S. degree in Communication Engineering from Sharif University of Technology, Tehran, Iran in 1993, and M.S. degree in communication engineering from Tehran Polytechnic (Amirkabir) University of Technology in 1995. He received his Ph.D degree in communication engineering from Tehran Polytechnic (Amirkabir) University of Technology in 2000. He has been a computer network engineer with several networking projects in Iran Telecommunication Research Center (ITRC) since 1992. November 1998 to July 1999, he was with Network Technology Group (NTG), C&C Media research labs., NEC corporation, Tokyo, Japan, as visiting research scholar. September 2007 to August 2008, he was with the Lane Department of Computer Science and Electrical Engineering, West Virginia University, Morgantown, USA as the visiting associate professor. He is author of 8 books all in Farsi language. He has published more than 120 international conference and journal papers. His research interests are in Wireless Sensor Networks (WSNs), traffic and congestion control, high speed networks including ATM and MPLS, Quality of Services (QoS) and fuzzy logic control.

Seyed Reza Kamel Tabbakh is with the Department of Software Engineering, Faculty of Engineering, Islamic Azad University - Mashhad branch, Mashhad, Iran. He received his PhD in communication and network engineering from University Putra Malaysia (UPM) in 2011. He received his BSc and MSc in software engineering from Islamic Azad University, Mashhad branch and Islamic Azad University, South Tehran branch, Iran in 1999 and 2001 respectively. His research interests include IPv6 networks, routing and security. During his studies, he has published several papers in International journals and conferences.
